

SYC Youth Leader Children on Camp

State Youth Camp values the contribution of all leaders and camp parents who come to support the youth of their church over the SYC weekend. With this, we understand, that for some, it might only be possible to serve in this way if you are able to bring your young children along to SYC as well. SYC would like to welcome the children of Youth Leaders to SYC in order to see the local church ministry thrive.

Special Considerations

Please note, SYC will not provide any form of supervision for any children that accompany leaders or camp parents over the weekend. The sole responsibility for supervision of the child remains with their parent/guardian at all times.

Also, Due to the risks associated with the activities run at SYC, children under High School age will not be able to participate in any structured activity time in the Main Tent or in the Afternoon Activity Sessions. Any other form of activity in the village or campsite spaces that a child might participate in must be done under the supervision of their parent/guardian.

Registration Process

A separate registration form will be made available for leaders to complete for their children. All children must be registered as attending camp prior to the standard registration closing date. Each child needs to be registered separately under the correct age category with the parent/s or guardian/s who will oversee their care during camp nominated.

The cost per child on camp varies depending on their age and the associated fees charged from our vendors. These fees will update each year as costs vary year to year.

SYC25 Child Fees

- 0 to 2 Years – no cost
- 3 to 5 Years - \$50
- 5 to 9 Years – \$100
- 9 to 12 Years – \$150

For children in Year 4 and up, a better camp experience might be at State Kids Camp held in July each year where they can fully participate in activities unlike at SYC.

Questions

Any questions regarding the weekend can be sent to the following
